Daily Weather Forecast Distribution

Saturday 28 March 2026

Issued at 1700 LST

General Situation

The heat low-pressure cell covers upper Thailand with hot during the day over the country and very hot weather in some areas of the North, the Northeast and the Central regions. Meanwhile, the southerly and southeasterly winds prevailing over upper Thailand is strengthening with isolated thundershowers and gusty wind. People in the country should keep healthy due to hot to very weather and beware of severe conditions with gusty wind.
